Reporting Party:

[REDACTED] (Psychiatric Technician/Shift Lead)

Witnesses:

[REDACTED] (Psychiatric Technician/Shift Lead)

Summary:

While alone in his room, Suspect/Patient [REDACTED] began yelling incoherently. Shift Lead [REDACTED] responded to the room to check on [REDACTED] welfare. [REDACTED] attempted to de-escalate [REDACTED] agitated behavior. [REDACTED] reacted by slapping his portable radio off his bed, and onto the floor. Fearing for her safety, [REDACTED] returned to the Nurses Station. [REDACTED] then came out from his room, holding three (3) broken pieces of the radio antenna in his right hand. [REDACTED] stood in front of the Nurses Station, yelling obscenities towards staff inside. Staff directed [REDACTED] to place the antenna pieces through the sliding window of the Nurses Station. [REDACTED] refused and walked to the unit hallway phone. Upon Hospital Police arrival, [REDACTED] was still standing by the phone. Officers directed [REDACTED] to place the antenna pieces on the floor. [REDACTED] refused their directives. [REDACTED] then held his right fist at chest level, and took a postured stance towards officers. After several more directives by officers and staff, [REDACTED] placed the antenna pieces on the floor. Officers placed [REDACTED]

Investigation:

On 12-20-2016, at approximately 2304 hours, Sergeant Vicente Asis, Officer Victor Gomez and I were dispatched to a multiple staff activated Personal Duress Alarm (PDAS) call. While en-route to the unit, we were advised by Dispatch staff that the patient (later identified as [REDACTED]) was holding a radio antenna in his hand. This information had been relayed by the unit staff.

At approximately 2305 hours, we entered the unit. As we were walking to the Nurses Station, we were directed by staff members to Hallway 'C' 1. As we entered the hallway, we observed [REDACTED] standing next to the patient's wall mounted phone. [REDACTED] was holding the phone receiver with his left hand, while holding shiny metal objects in his clenched right hand.

As we approached [REDACTED] he began to yell obscenities at us. We directed him several times to place the antenna pieces on the floor. [REDACTED] refused our directives and continued yelling at us. While in an agitated state, [REDACTED] moved his right fist forward and took a postured stance towards us. After several more directives by us and staff, [REDACTED] threw the antenna pieces onto the floor. I walked up to [REDACTED]

Interview with Witness/Psychiatric Technician [REDACTED]

At approximately 2316 hours, staff and officers held a debriefing meeting in room #1134. At the conclusion of the debriefing, I contacted [REDACTED] who told me the following in summary:

At approximately 2255 hours, I was standing outside the Nurses Station when I heard yelling coming

from Hallway C1. I recognized the voice of the patient who was yelling. I asked a staff member, [REDACTED] to come with me to Patient [REDACTED] room.

As we opened the door to [REDACTED] room (#1114), we saw him sitting on the ground yelling obscenities, and other incoherent things. I asked [REDACTED] what was wrong. [REDACTED] stood up quickly and yelled, "What do you want?". He walked to his bed and slapped his portable radio off from the bed. [REDACTED] then kicked the radio towards us. I closed the door and told Caridad to return to the Nurses Station to advise the other staff members.

As we entered the Nurses Station, there were several staff members inside waiting for shift exchange. I told the staff members what had just occurred in [REDACTED] room. As we were discussing what to do next, we saw [REDACTED] come out from his room. He still appeared highly agitated, and was holding something in his right hand. The objects looked like shiny, and we realized it was the radio antenna broken into several pieces.

I opened the sliding window and directed [REDACTED] to hand over the antenna pieces. [REDACTED] refused and continued walking back and forth in front of the Nurses Station, still yelling at us. Staff member (W#3) opened the Nurses Station door slightly and asked [REDACTED] to hand him the antenna pieces. [REDACTED] then threw two (2) small pieces onto the floor. He still had a big piece and was waving it at us. He was still talking shit that I couldn't understand. This is when I pulled my PDAS alarm.

End of statement

Officer's notes:

I did not attempt to interview [REDACTED].

At approximately 0430 hours, I took two (2) digital photographs of the antenna pieces.

At approximately 0445 hours, I entered the digital photographs into RMS.

Property/Evidence:

At approximately 0500 hours, I placed the SD memory card and the antenna pieces into Evidence Locker #7.
